The Newton House Complex invites you to the block of the future, where each apartment is associated with the freshness and tranquility of the perfect location between Ion Creangă Street and Belinski Street. Here, there is no compromise between quality and utility. The modern SMART HOUSE block relieves you of numerous daily worries and stress, offering you the gift of all your free time for your loved ones.

Now you have no worries about your apartment. You manage it as you wish through a smartphone, online – accessible to everyone at any time. The Telemetry system will automatically collect all meter data (gas, electricity, water), and this feature eases your monthly routine through a system of the future, accessible now through the Newton House residential complex.

Tenant safety is the basic element of home comfort. Now, access to the building is made directly through the beneficiary's mobile phone.

Furthermore, constant video surveillance of the cou
