The new residential complex "Solaris" comprises 23 residential blocks, each representing an oasis of comfort and modernity. With a maximum height of 9 floors, these buildings aim to redefine the concept of housing in the city. Each block will host apartments with 1, 2, 3, and 4 rooms, thus offering a diverse range of options for different needs and preferences.

Apartment sizes range from 36.4 m² to generous 158.5 m², ensuring ample space for every family member. All residential units will benefit from balconies or spacious terraces, connecting residents to the surrounding beauty and providing them with a private space for relaxation.
