Hora Village – Harmony Between Nature and Comfort

Hora Village redefines modern living standards, offering a balance of functionality, aesthetics, and high-quality construction. The first phase of the complex spans 14 hectares, featuring ≈500 townhouses and ≈500 apartments.

Infrastructure & Amenities

- Integrated commercial spaces for daily convenience
- Playgrounds and recreational areas for all ages
- Sports fields for an active lifestyle
- Private park with a fountain and pedestrian walkways

Apartments – Efficiency & Quality

- 16 residential buildings (5 floors), each equipped with an elevator
- Autonomous heating system for optimized energy consumption
- Durable monolithic reinforced concrete structure with Brikston brickwork
- Optimal sound and thermal insulation with double walls
