Discover a modern and comfortable lifestyle at Exfactor Vasile Lupu Residential Complex!

Designed for safety, energy efficiency, and elegant design, this complex is the perfect choice for those seeking high-quality housing. With a well-thought-out infrastructure and state-of-the-art amenities, Exfactor Vasile Lupu redefines urban living.

Construction Type: Exfactor Vasile Lupu Residential Complex is built on a solid reinforced concrete framework, with exterior and interior walls made of red brick, without beams. The building structure includes:

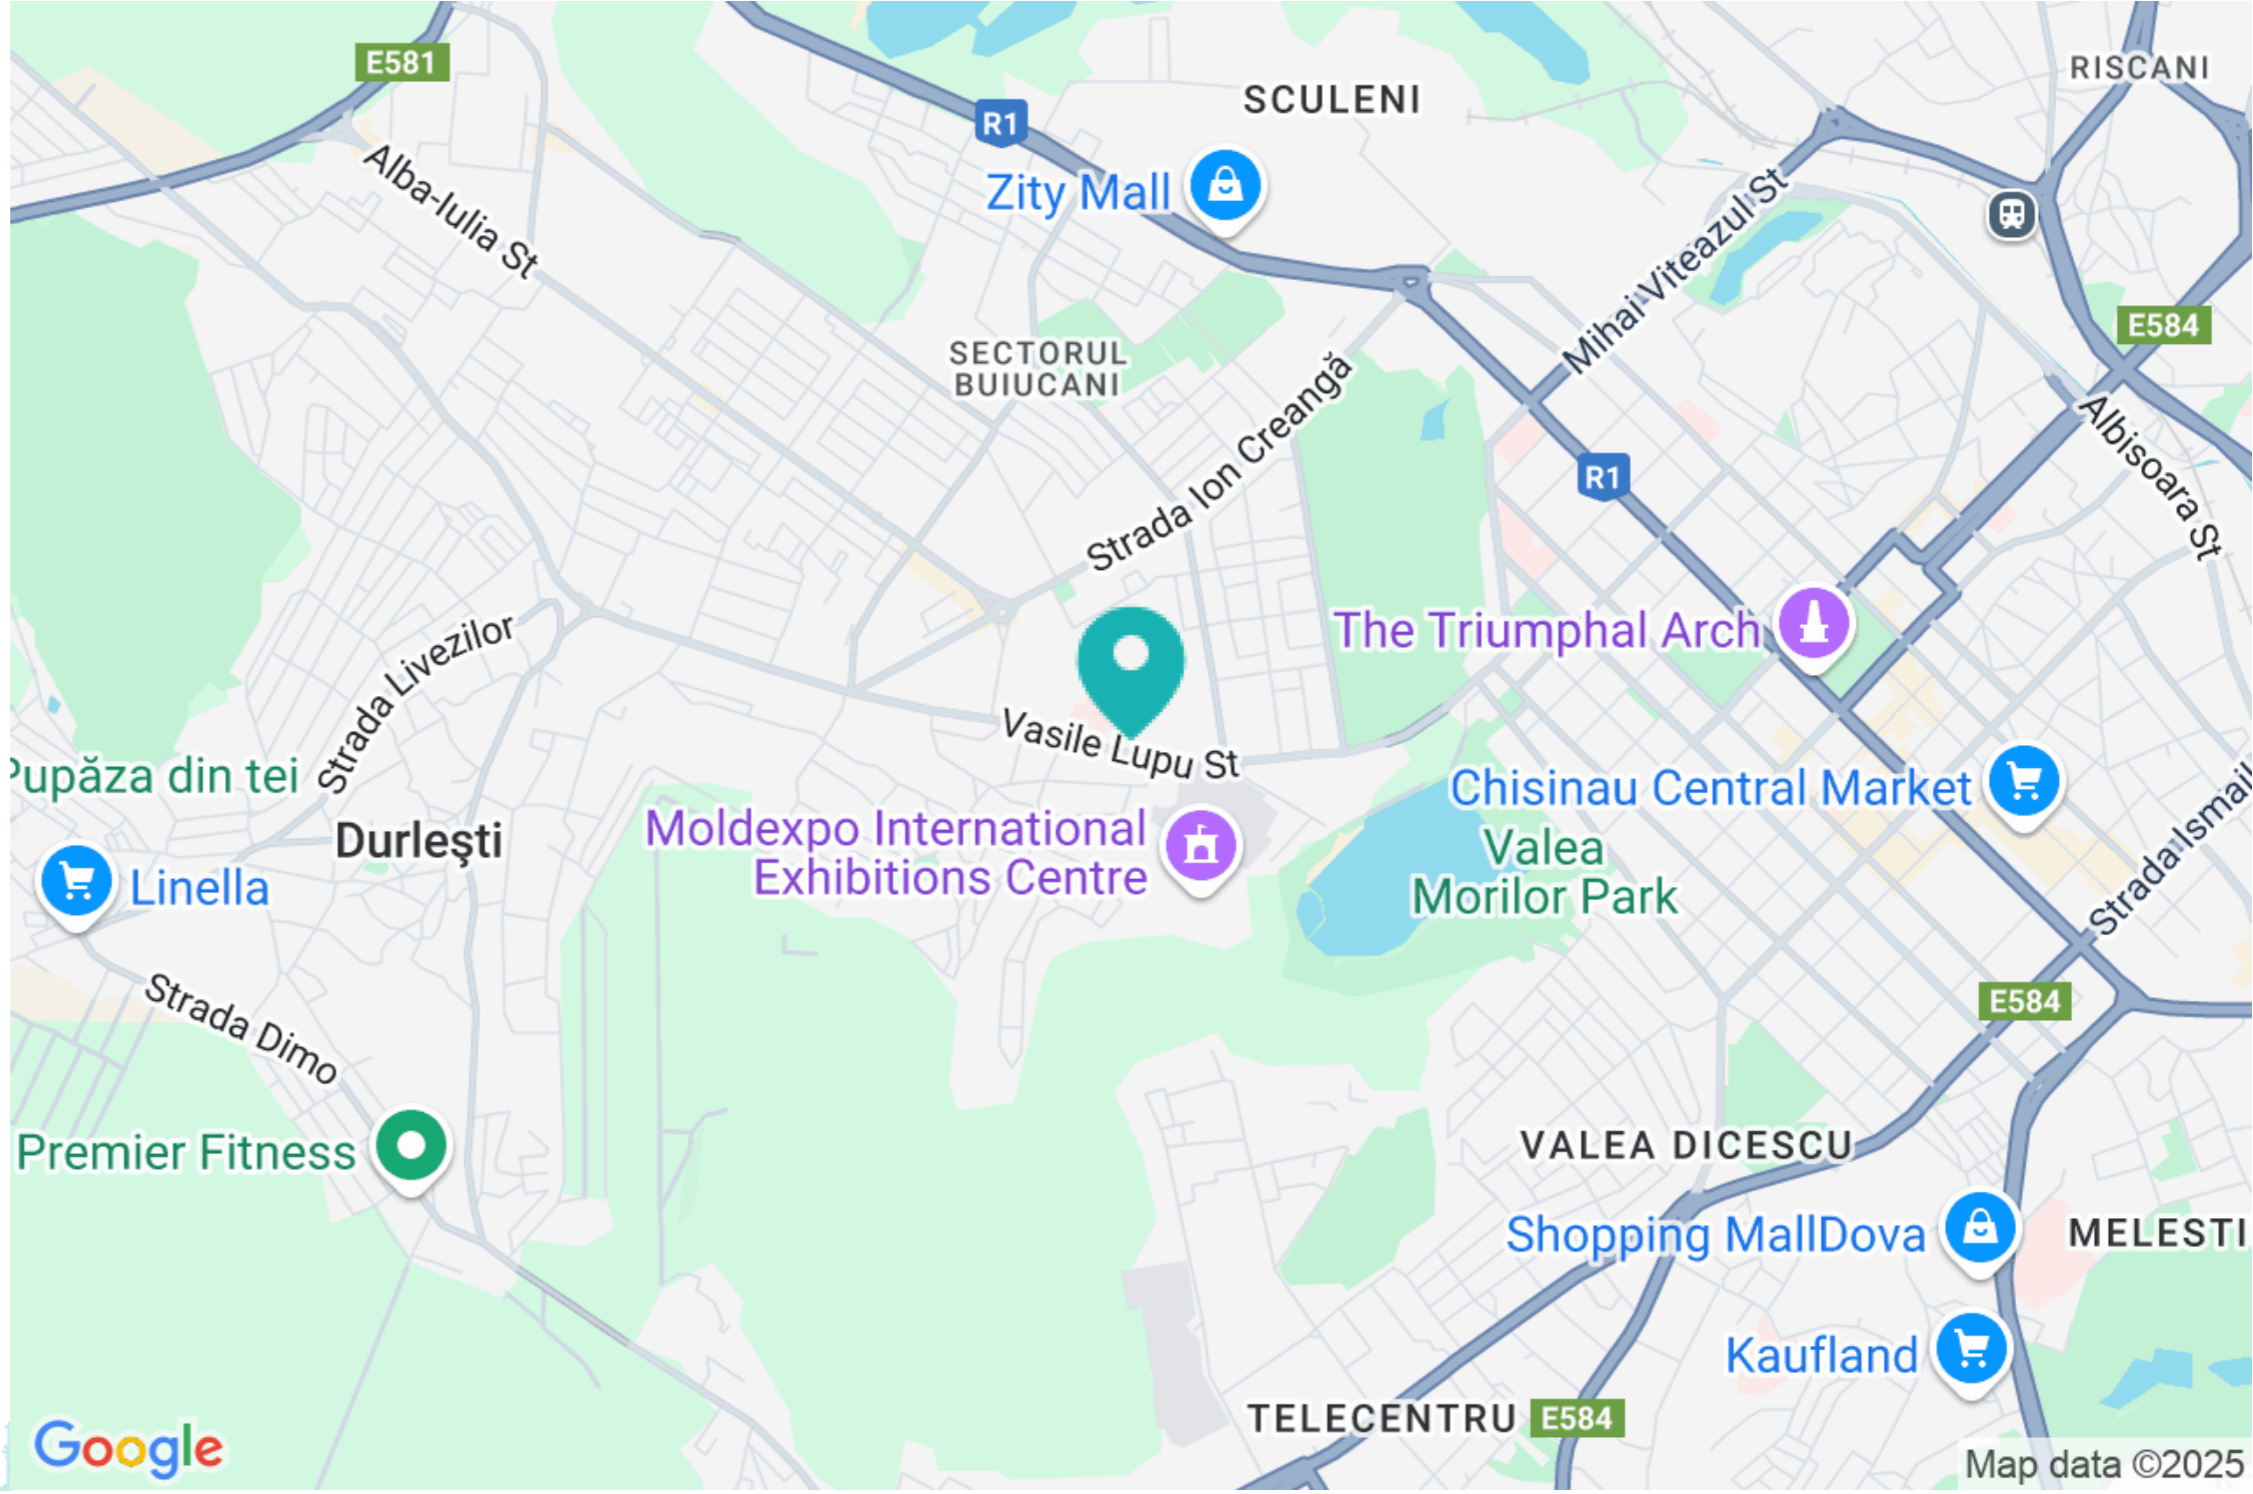

3 levels of underground parking;

1 level designated for commercial spaces;

10-12 residential floors with ceiling heights of 3 meters.

Thermal Insulation and Exterior Finishes: The complex's facade is equipped with a modern thermal insulation system made of 80-100mm mineral wool, finished with high-quality European plaster from Baumit and
