In one of the most vibrant and well-connected areas of Buiucani, a new project is taking shape—one that redefines the standards of modern living. Vladimirescu Complex is where functionality blends seamlessly with the peace and safety you seek in a home.

With 6 buildings and 372 apartments, the project offers a wide range of options for different lifestyles—from young professionals to growing families and investors looking for stable returns.

Quality and safety at every level:

AAC block masonry – excellent thermal and acoustic insulation

Exterior insulation with mineral wool

Built according to current seismic safety standards

Five-chamber PVC windows with Low-E coating

Modern, silent elevators

Common spaces for the whole family:

Inner courtyard with children's play areas and green zones

Underground parking on 3 levels and surface parking
