Edera Home is a premium residential complex located in the heart of the Botanica district, just a few steps from the Botanical Garden — a green oasis that defines the character of the entire area.

The project stands out through its modern architecture, attention to detail, and innovative technical solutions designed to provide a safe, efficient, and refined lifestyle.

Features and amenities:

- Monolithic structure with high seismic resistance
- Underfloor heating in all apartments
- Individual heat pumps for energy efficiency
- Photovoltaic panels to reduce maintenance costs
- Three-level underground parking with car lifts
- Ventilated façade and panoramic city views
- Landscaped green areas, fitness zone, and café for residents
- Flexible installment plan with no collateral, directly from the developer
